LENS CHART FOR NIKON

For Nikon D3/D3x/D3s and D700

TYPE 3

A close-up, angled view of a lens element. The element is dark, possibly black or dark grey, and features a series of parallel, raised ridges or grooves that run diagonally across its surface. The ridges are evenly spaced and have a slightly rounded top edge. The background is a vibrant, out-of-focus bokeh of red and orange light, creating a warm, glowing effect. The overall composition is dynamic and emphasizes the precision and texture of the lens component.
